Approved For Release 2007/09/25 : CIA-RDP84-00868R000100050008-2 STAT **STAT** many questions. paul notes last trip i mentioned that a second survey of islamabad was on the books anyway and maybe it could be moved forward from the summer to next month. he said this might be a good idea; he doesn't care who does it as long as it's done properly. he said he would let us know how the second batch of tapes comes out tomorrow. STAT he also said skip is sending us a message advising that **xkax** they have sent messages to moreov but have received no reply and do not know if they are in touch. i told him that expects the line to be in 20 november, so it shouldn't make much difference. i forgot to suggest that they send all messages at least priority or they can get held up for days. If the frequencies town haven't changed, could they just send off tapes to identify the correct times of broadcasts? STAT **STAT**
